

ATHENS AREA HOMELESS SHELTER MID-YEAR IMPACT

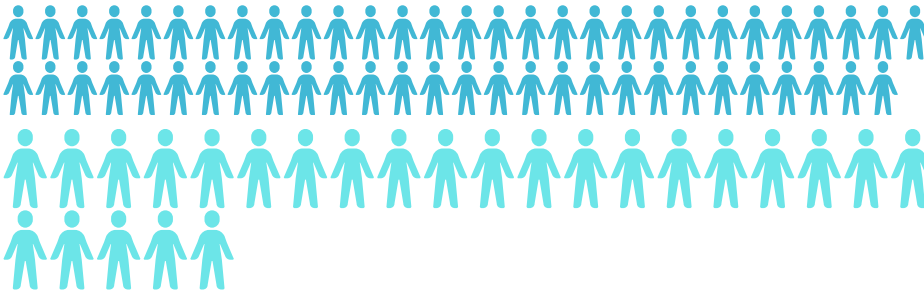

So far in 2025, we've supported over 100 children and parents across our programs with each one making meaningful strides toward stability. Nearly 80% of families entering Almost Home shelter have moved into stable housing, and those in our Going Home rental assistance program are increasing their income and stability. Bridge to Home has celebrated three graduates who are now earning, or on track to earn, higher incomes. Our Strengthening Home program also hit a milestone, offering a record number of kids' activities, tutoring sessions, and parent engagement courses, helping families grow stronger together.
